## PECK IS DECORATED

American Commissioner Given  
Cross of Legion of Honor.

HASN'T ACCEPTED IT YET

Mrs. Potter Palmer, Through  
Rivalry, Refused the Honor.

Paris, Aug. 22.—Regarding the accusation that he violated the constitution in accepting the decoration of grand officer of the Legion of Honor tendered him in behalf of the French nation, Ferdinand W. Peck, the commissioner general of the United States at the Paris exposition, said today: "I was expressly careful not to make a formal acceptance of the same when presented to me by M. Delaunay, Belleville, director general of the exposition, in behalf of President Loubet. I stated to him that I had examined the laws of the United States on the subject and that while greatly appreciating the honor, I could not make a formal acceptance at the present time."

Mr. Peck has received the decoration, possession of which he still holds pending advice from Washington.

The Paris edition of the New York Times gave over ninety applications for the decoration of the Legion of Honor have been made by the American commission, which is twice as many as made by any other foreign commission. A list was furnished to the French authorities, on their invitation, for each foreign commissioner to recommend such members of his staff as he deemed worthy of the honor. Mr. Peck's list included Mrs. Potter Palmer, Mrs. Daniel Manning and Michael H. De Young, proprietor of the San Francisco Chronicle, for the national commissioners; the directors of the various United States sections and their assistants and most of the important American exhibitors. The applications of Madame Palmer and Manning were refused.

In this connection the Paris edition of the Times says: "Either this is a measure of precaution in view of the jealous uproar which it would create among French women of note who have been denied the honor, or, perhaps, it is on account of certain social rivalries."

## TRIAL OF STRENGTH

Chicago, Aug. 22.—The plans of the labor union, every union man connected with the building trades council will be called out on strike before labor day. The plumbers have already been ordered out and it is the intention that all other unions whose men are working shall follow suit. Owing to increased activity in the building trades within the last few days many unions have been put to work, in some places with the consent of the business agents, and it is the purpose of the unions to stop the work wherever the bosses believe they have won a victory and show them that the labor organizations are still in the fight.

The business agent of one of the large unions in the building trades said: "The contractors have come to believe that it is comparatively easy to say for them now, and accordingly have been undertaking some large jobs with the idea that there would be no further trouble from the unions. They will find that many of the men whom they supposed to be non-union men have become members of the unions and they will simply be unable to do the work. It is the only thing that is left the unions unless they propose to give up their fight. The idea of helping the contractors in their jobs has been a mistake which is generally recognized now, and they will find that there is a lot of fight left among the men yet."

It Naved His Baby.  
"My baby was terribly sick with the diarrhea," writes Mrs. O. E. Dutton, of Danville, Ill. "A small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. J. H. Dook, of Williams, Ore. "I am happy to say it gave immediate relief and a complete cure." For sale by all druggists.

## CUBAN CUSTOM FRAUDS

Men Who Committed, Then Acquitted at Havana.

Havana, Aug. 22.—All the persons accused of complicity in the Havana customs house frauds were acquitted today. The president of the court, consisting of three judges, has inserted in the decision a clause to the effect that he thinks four of the accused are guilty, and these may be taken before the supreme court. The decision holds with regard to inaccurate appraisements that it is impossible to prove that goods have been wrongly appraised where the goods cannot be brought into court. It also asserts that there is no evidence that the accused intended to defraud.

## DAWSON ON A BOOM

Warehouses, Warves and Other Improvements Being Made.

Washington, Aug. 22.—Dawson appears to be shooting into a new era of prosperity," says United States Consul Cook, at Dawson City, in a report to the state department. "Supplies are plentiful, and mining machinery in large quantities is coming into the city. Warehouses and warves are being built, a new steamship company has started, and the business is booming."

The Tannanna mine district is becoming more and more prominent. The country is rich, but difficult of access. Mosquitoes are very numerous and savage on the trail, and some persons returning from this district to Dawson City were so badly bitten that the mosquitoes bit for the marks of the dreaded smallpox and detained them."

Good Medicine for Children.  
If you have a baby in the house you will wish to know the best way to check any unusual looseness of the bowels, or diarrhea, so common to small children. O. P. M. Holliday, of Denning, Ind., who has an eleven months old child, says: "Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach. His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once. For sale by all druggists."

## MURPHY IS FOR BRYAN

New York, Aug. 22.—Former United States Senator Edward Murphy came to this city today and met Richard Croker, leader of Tammany hall, at the Hoffman house. At the close of the conference it was announced that Mr. Murphy would remain here until after the election. Mr. Murphy said he expects to co-operate with the state committee for the election of Mr. Bryan. Mr. Croker gave out a statement to the effect that he recognized Mr. Murphy as the actual Democratic leader of the state. It has been reported for several days that Mr. Murphy intends to open state headquarters independently of the Democratic state committee.

## Sugar War Threatened.

Minneapolis, Aug. 22.—A sugar war has been inaugurated among the wholesalers of Michigan, Wisconsin, Illinois, Iowa, Minnesota and the Dakotas, who have been ordered to reduce the price 12 cents a hundred. The action is said to be the result of a break from the agreement by a Chicago jobber who has been under-quoted other jobbers by a fraction. The retail price has not yet been reduced.

In two hours, from 5 p. m. to 7 p. m., the temperature dropped from 90 to 70. Dispatches received tonight indicate that the rain is quite general throughout the state. ## FEARFUL DISCLOSURES MADE BY A ST. LOUIS WOMAN.

stroom. The point is thirty miles north of Lincoln, and the trip there and back was made during the afternoon. The speaking occurred under the trees in the court house yard, and the speaker sat on the enclosure was well filled, notwithstanding one of the heaviest rain storms of the season had just passed over the place, leaving the ground very wet and uncomfortable. The speech was one hour in length. Throughout it was an appeal to Republicans to vote the Democratic ticket.

## A MINISTER'S GOOD WORK.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and was cured. He used them for three or four days without relief, then called in another doctor who treated him for some time and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible state, and they had been running off so long that it was almost bloody fluid. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it is the best medicine I have ever tried." For sale by all druggists.

## FIVE MINERS PERISH

Small Fire Fills the Shaft, Making Escape Impossible.

Seattle, Wash., Aug. 21.—A special to the Post-Intelligencer from Isquah, Wash., says:

Five miners were smothered to death in the Isquah Coal Company's mines at this place this forenoon. A brush fire spread to the mouth of an air shaft, ignited the timbers succeeding down by the ventilator far into the works, where eighty men were employed. All the miners who were near the exit escaped. Dominick Cusack, Carlos Cassassa, C. M. Vowell, Ben Laws and John Lind were in the chamber and were overcome by smoke and blacked out. Their bodies were recovered this afternoon.

"I am a switchman," writes A. J. Jernese, of 9231 Butler street, Chicago, "and am out in all kinds of weather. I took a cold which settled in my kidney and was in very bad shape. I tried several advertised medicines with no benefit until I was recommended to take FOLEY'S KIDNEY CURE. Two-thirds of a bottle cured me." G. Gehring, 40 E. Douglas; Geo. Van Warden, 228 N. Main; Wichita Drug Co., 110 E. Douglas; Gus Saur, 224 E. Douglas.
